Revell Mi-24 HIND GUNSHIP

KIT 4090 1/144 SCALE 1/144 ECHELLE ESCALA 1/144

REVELL, INC. Des Plaines, IL Copyright © 1990 All rights reserved. Printed in U.S.A. 4090 R 4200

Images of the menacing Mi-24 "Hind" attack helicopters hovering over the desolate landscape of Afghanistan were prominent symbols of this long, guerilla war. Although designed originally as an airborne assault helicopter designed to transport combat troops, the massive size of the airframe was perfectly suited as a platform to build a lethal attack helicopter that has become the most feared armed helicopter ever constructed. Armament on the definitive "Hind D" includes a lethal 4-barrel gatling gun armed with 12.7 millimeter ammunition. Two airfoil-shaped wings serve as mounts for external armament configurations that include 57mm rocket pods armed with 32 rounds per pod, "swatter" anti-tank missiles, and chemical or conventional bombs. For low-level, "Nap Of the Earth" (NOE) flight, the "Hind" is equipped with an optical viewing system capable of delivering excellent visual images in total darkness.

The tremendous firepower that the "Hind D" possesses has enabled the chopper to become an aviation legend. The aircraft is also famed for setting numerous world records for performance, including the world speed record for helicopters. With over 2400 Mi-24 "Hind" units delivered to Soviet and Warsaw Pact countries throughout the world, this legendary helicopter is assured service for many years in the future.

The Revell replica of the Mi-24 Hind "D" is authentically portrayed in 1/144th scale. Molded in beige and clear plastic, this massive helicopter is large even in diminutive 1/144th scale! From the five-bladed main rotor to the detailed external armament stubs, this model is loaded with details!

READ THIS BEFORE YOU BEGIN

- Study the assembly drawings.
- Each plastic part is identified by a number.
- Check the fit of each piece before cementing in place.
- Do not use too much cement to join parts.
- Use only cement for polystyrene plastic.
- Model may be painted to match photos on box.
- Allow paint to dry thoroughly before handling parts.
- Scrape paint from areas to be cemented.
- For better paint and decal adhesion, wash the plastic parts in a mild detergent solution. Rinse and let air dry.

LISEZ CE QUI SUIT AVANT DE COMMENCER

- #### LE MONTAGE
- Etudier les schémas d'assemblage.
 - Chaque pièce plastique porte un numéro d'identification.
 - Contrôler que chaque pièce soit bien conforme avant de la coller à sa place.
 - N'utilisez pas trop de colle pour réunir les pièces.
 - Utilisez uniquement une colle spéciale pour polystyrène.
 - Le modèle peut être peint conformément aux photos sur la boîte.

- Laissez sécher la peinture complètement, avant de manipuler les pièces.
- Grattez la peinture sur les surfaces devant être collées.
- Pour assurer la meilleure adhésion possible de la peinture et des décalcomanies, lavez les pièces de plastique avec une légère solution savonneuse. Rincez et laissez sécher à l'air.

LEA ESTO ANTES DE EMPEZAR

- Estudie los dibujos de ensamble.
- Cada pieza de plástico se identifica por un número.
- Verifique que cada pieza encaje bien antes de pegar en posición.
- No use demasiado pegamento para unir las piezas.
- Use únicamente pegamento para plástico de poliestirena.
- El modelo puede pintarse de acuerdo con las fotografías de la caja.
- Permita que se seque la pintura completamente antes de tocar las piezas.
- Raspe la pintura de las superficies que serán pegadas.
- Para una mejor fijación de la pintura y de las calcomanías, lávese las piezas plásticas en una solución de detergente suave. Enjuáguese y déjense secar al aire.

Revell, Incorporated has put forth every effort to create and manufacture the finest model kit available. If a part may be missing, please write to:
