3**4****ISTRUZIONI PER IL MONTAGGIO**

Incollare il telaio (13) nella apposita sede sul piano interno dell'ala (16) dopo aver disposti i perni dei pezzi (6) e (15) come in figura.

Bloccare il telaio (13) all'ala (16) come in figura: lasciare asciugare completamente la colla. Controllare che i perni dei (6) e del (15) ruotino nelle loro sedi. Applicare sulla gamba (6) lo sportello di chiusura (26).

Applicare le capotine trasparenti montando le guide (23) come indicato nello « schema G ».

« schema G »

ASSEMBLY INSTRUCTIONS

Cement the frame (13) in its own seat on the inside flat of the wing (16) after placing the pins of the parts (6) and (15) as shown.

Cement frame (13) to wing (16) as shown: let cement dry completely. Check if the pins of (6) and (15) rotate in their seats. Fix closing door (26) on supporting leg (6).

Fix transparent enclosures fitting up the guides (23) as shown in « diagram G ».

ZUSAMMENSTELLUNGSBELEHRUNGEN

Der Rahmen (13) in seinem Sitz auf den inneren Flügelfläche (16) kleben, nachdem Sie die Bolzen der Stücke (6) und (15) wie in das Bild gestellt haben. Der Rahmen (13) und der Flügel (16) wie in das Bild zusammenkleben: der Kleber gänzlich trocken lassen.

Sie sollten kontrollieren ob die Bolzen der Stücke (6) und (15) in den Sitzen drehen. Die Schlußtüre (26) auf den Bein (6) legen.

Die Gleise (23) wie in das « Schema G » setzen, um die durchsichtige Kabine zu stellen.

INSTRUCTIONS POUR L'ASSEMBLAGE

Coller le châssis (13) dans son siège sur la surface intérieure de l'aile (16) après avoir placé les pivots des pièces (6) et (15) comme indiqué dans l'illustration. Attacher le châssis (13) à l'aile (16) comme dans l'illustration: laisser sécher complètement la colle.

Contrôler si les pivots des pièces (6) et (15) tournent dans leur sièges. Appliquer sur le pied (6) la porte à fermer (26).

Appliquer les capotes transparentes en montant les rails (23) comme indiqué dans le « schéma G ».
