*** Note about the LA-7 ***

Notice that some La-7's have the Lavochkin emblem on the rudder tip and on the cowling. Many are provided, although we can only find one of these A/C wearing the emblem (A/C 5). The Academy/Hobbycraft kit is a very acceptable kit, deficient only in the vertical tail and the interior. We understand that accessories to correct these deficiencies will be available very shortly. Squadron canopies are also available for this kit.
