

# 3D METAL MODEL

3D-S016

Insertion tabs are inserted and then folded

Fold lines can be seen as shown here

Insertion holes

Needle nose pliers are helpful for assembly

Legends:

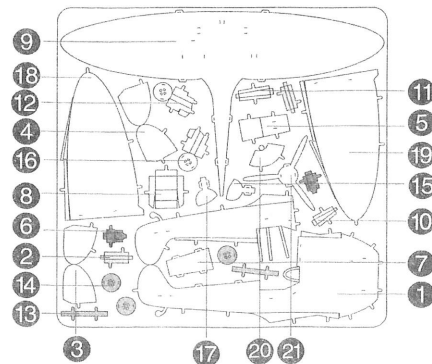

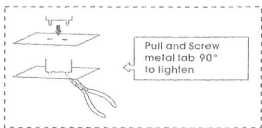

- E Engraved side
- NE Non-engraved side
- Attention point

## Metal sheet

### To create the best connections

● Insert tab and bend 90 degrees for most visible areas

▲ Insert tab and twist 90 degrees is best in some areas to ensure a tight connection

⚠ In order to avoid possible injury from sharp edges, please carefully discard the metal sheet after parts have been removed

## Assembly Flow Chart
